RE: REPORT OF BIDS & RECOMMENDING AWARD OF CONTRACT

2021 SECOND STREET RECONSTRUCTION PROJECT

Dear Ken:

The bid letting for the 2021 Second Street Reconstruction Project was held on Thursday, January 21, 2021, and three bids were received. Rasch Construction, Inc. of Fort Dodge submitted the low base bid in the amount of \$3,306,208.00. The low bid is under the engineer's estimate of \$3,810,000 for construction without contingencies. Rasch Construction, Inc. also submitted a low total bid for the five bid alternatives. The total bid with the base bid and five bid alternates is \$4,315,117.50. The engineer's estimate is \$4,816,000. The bid tabulation is included with this letter for reference.

The bid proposals included Bid Alternate A, which comprises reconstructing Fair Avenue north of the 2021 Second Street project limits to Third Street; Bid Alternate B, which comprises reconstructing Woolsey Avenue north of the 2021 Second Street project limits to the alley; Bid Alternate C, which comprises reconstruction Beach Street north of 2021 Second Street project limits to Third Street; Bid Alternate D, which comprises reconstructing Broadway Street north of 2020 Second Street project limits to Third Street; and Bid Alternate E, which comprises HMA rehabilitation of Broadway Street north of Third Street and south of the railroad, including Beach Street north of Third Street to dead end. A majority of the Bid Alternate total construction costs were at or below the engineer's estimate. A summary of the total bid amounts received are as follows and continues on the following page:

<u>Bidder</u>	Base Bid	Bid Alt A	Bid Alt B
Rasch Construction, Inc.	\$3,306,208.00	\$349,406.00	\$93,227.00

Engineer's Estimate	\$119,058.00	\$376,623.50	\$57,087.00

Snyder & Associates, Inc. has worked with Rasch Construction, Inc. on similar reconstruction projects successfully completed, including the 2020 Second Street Reconstruction project, within the last five years. They are capable of completing this project.

It is our recommendation the City of Webster City accept the bids, and award the contract to Rasch Construction, Inc. of Fort Dodge. Due to the bid prices received, we further recommend the City approve Bid Alternates A, B, C, D, and E. We anticipate re-bidding the Bid Alternates in the future as separate projects, or packaged together into one project, would not produce lower bid prices.

We will be in attendance at the council meeting on February 1, 2021. Upon award, we will submit the contract and bond forms to Rasch Construction, Inc. Please feel free to contact me if you have any questions or need any additional information prior to the council meeting.

Sincerely,

SNYDER & ASSOCIATES, INC.

RE:

Public Hearing for disposal of City-owned parcel to Dennis Goodrich

SUMMARY: A Public Hearing will be held for the disposal of City-owned property located on Broadway Street to Dennis Goodrich, 1203 Walnut Street, Webster City, Iowa.

PREVIOUS COUNCIL ACTION: On January 18, 2021, the City Council set February 1, 2021 at 6:05 p.m. for the Public Hearing on this matter.

BACKGROUND/DISCUSSION: The City has received a signed Purchase Agreement from Dennis Goodrich, Webster City, Iowa, for the City-owned parcel formerly addressed as 313 Broadway Street.

This parcel of land was one of 4 lots where the City demolished an abandoned, dilapidated house. The property was offered for sale to the highest bidder per a Notice published in the newspaper in November. We received one bid for this parcel in the amount of \$3,000.00 from Goodrich. He has signed the Purchase Agreement. He owns the house adjacent to this parcel, and his plan is to construct an accessory building.

FINANCIAL IMPLICATIONS: The money for this parcel will be put in the General Fund. Taxes will be generated once this parcel is sold.

RECOMMENDATION: Approve the Quit Claim Deed to Dennis Goodrich.

ALTERNATIVES: Council may choose to retain ownership.

PUBLIC WORKS DIRECTOR COMMENTS: The lot is zoned Residential which restricts the uses to those of the surrounding properties. This also eliminates the City from maintaining the lot.

APPROVING PURCHASE AGREEMENT & AUTHORIZING EXECUTION OF A QUIT CLAIM DEED CONVEYING CITY OWNED PROPERTY LOCATED ON BROADWAY STREET TO DENNIS GOODRICH.

WHEREAS, the City Council of the City of Webster City, Iowa, did hold a public hearing on a Purchase Agreement for the following described property:

South 70' of Lots 1 & 2 and the North 42.8' of Lot 22, Block 21, Willson Funk & Co., Webster City, Hamilton County, Iowa, and is subject to any and all easements, be they of record or not.

WHEREAS, public notice was given as required by law and a public hearing was held on February 1, 2021, and no written or oral objections were presented to the proposed sale of the City owned property described above; and,

WHEREAS, this Council now proposes to sell this parcel of land for \$3,000.00, plus all legal and associated costs.

NOW THEREFORE BE IT RESOLVED by the City Council of the City of Webster City, Iowa, that the Purchase Agreement is approved and that the Mayor and City Clerk are hereby authorized and directed to execute a Quit Claim Deed conveying the above-described property to Dennis Goodrich.

BE IT FURTHER RESOLVED that said Quit Claim Deed is approved upon execution by both parties.

RE:

Setting Public Hearing for entering into a Purchase Agreement for a City-owned

parcel on Elm Street.

SUMMARY: Soyland Homes, located in Ames, Iowa, is interested in a City-owned parcel formerly addressed as 1014 Elm Street. A Public Hearing needs to be set prior to the disposal of this property.

PREVIOUS COUNCIL ACTION: N/A

BACKGROUND/DISCUSSION: The City owns this parcel which had a vacant, dilapidated dwelling on it which we obtained through the Court system. Said dwelling was demolished in September of 2020. The City went out for bids on the parcel in November of 2020 but received none. The Council's preference has always been to see a new dwelling built on this parcel. A builder from Ames with Soyland Homes has expressed interest in putting a 1,025 square foot single family dwelling on this lot. The home already has an approved buyer.

FINANCIAL IMPLICATIONS: This is an infill lot and qualifies for tax abatement on the improvements. Lot taxes will still be collected. The City will see tax revenue after 3 years of abatement.

RECOMMENDATION: Set the Public Hearing for February 15, 2021 at 6:05 p.m. to approve the Purchase Agreement and authorize a Warranty Deed to Soyland Homes, Ames, Iowa.

ALTERNATIVES: Council could choose to retain this parcel with justification.

PUBLIC WORKS DIRECTOR COMMENTS: This will provide the avenue to return this property to our tax rolls.

RE:

Setting Public Hearing for entering into a Purchase Agreement for a City-owned

parcel on Wall Street.

SUMMARY: There is interest in a City-owned parcel on Wall Street located in Wall Creek First Addition. A Public Hearing needs to be set prior to the acceptance of the Purchase Agreement for disposal of this property.

PREVIOUS COUNCIL ACTION: N/A

BACKGROUND/DISCUSSION: The City owns this parcel which was purchased and platted into 4 lots in 2003. Lot 1 is the area to the south of ICCC on Beach Street which, at the time, the City wanted to retain for cemetery land. The City Council held a public hearing to set the sale prices for Lot 2 (\$35,000), Lot 3 (\$40,000), and Lot 4 (\$35,000) on March 3, 2003. It was also stipulated that the purchasers had two years from the date of possession to construct a single-family dwelling on each lot. Since then, Lots 2 and 3 have been sold with 2 duplexes constructed and a single-family dwelling on said lots.

I received a Purchase Agreement today offering \$15,000 for Lot 4 (.87 acres). It is the least desirable lot for construction as it has storm water tile from the west running through it, daylighting on the lot, with water continuing to flow east to an existing waterway running north and south. This leaves little buildable area. Added costs for excavation work and rerouting the tile is basically the sole reason it hasn't sold in 18 years. However, this buyer is desiring this lot to create a means for ingress and egress to his land to the north of said lot as his intentions are to build a single-family dwelling to the north in the future.

The offer is based on comparisons from recent land sales adjacent to the Buyer's property. The City sold an additional .28 acres to the Jaycox's for their dwelling for \$4,000, and the Chizek's paid \$7,000 for .5 acres north of his property from Windsor Manor.

FINANCIAL IMPLICATIONS: Buyer will be responsible for all legal and administrative costs.

RECOMMENDATION: Set the Public Hearing for February 15, 2021 at 6:05 p.m. to approve the Purchase Agreement and authorize a Warranty Deed to Zachary S. and Kendra K. Chizek, Webster City.

ALTERNATIVES: Council could choose to retain this parcel with justification.

PUBLIC WORKS DIRECTOR COMMENTS: The sale of this lot will eliminate our obligation for future maintenance and return to taxable land.

SETTING TIME AND PLACE FOR A PUBLIC HEARING ON A PROPOSED OFFER TO BUY CITY OWNED PROPERTY LOCATED ON WALL STREET IN WEBSTER CITY, IOWA.

WHEREAS, the City of Webster City, Iowa, owns certain property described as follows:

RE: Emergency Furnace Replacement at Illinois Central Depot

located at Wilson Brewer Park

SUMMARY: While working with the Depot Committee reviewing artifacts in the basement of the Depot, we noticed several areas where black mold is attacking the walls and some of the artifacts. A very strong musty/mold smell is present.

The furnaces have been shut off since 2012 due to budget concerns. We believe that without heating and some sort of climate control that the building and its artifacts are deteriorating at an accelerated rate. Working with Ryan, the City's electrician, we were able to get 1 of the 3 furnaces operating. The 2 other furnaces are inoperable. The current furnaces are original to the building installed in 1974 when the Depot was moved to its current location.

The Depot committee hired Wayne Scholtfeldt to do a study of sizing the furnaces to accommodate all the areas of the building, (see attached copy)

At the 1-19-21 Wilson Brewer Historic Park Committee meeting, due to the committee having limited funds, consensus of the committee was to turn this situation over to the City Council to consider funding and take care of the emergency furnace replacement(s).

PREVIOUS COUNCIL ACTION:

2012 budget reduction, by not heating the depot complex

BACKGROUND/DISCUSSION:

Listed below is a brief history of the depot and how it came to Wilson Brewer Historic Park.

"In early 1971, with all passenger service discontinued, the Illinois Central railroad opted to close the depot building, erecting a small steel shed to house the automated controls. Before its planned demolition, the company offered the building with original equipment and supplies at no cost to any group that would move it elsewhere.

The Boone River Art Guild, the Hamilton County Historical Society, the Webster City Park Board and many other civic organizations began a "Save The Depot" campaigns to raise funds to move the building to the Wilson Brewer park area.

In December 1971, with more than \$4,500 in raised funds, the building was sliced in the middle and the first half made the journey to the park. The second half followed soon after.

Many local businesses donated labor, equipment and manpower to disassemble the depot for moving, to blast out a basement from the bedrock and to lay foundations for its permanent home.

Volunteers and civic groups contributed hundreds of hours of labor to aid in preserving and restoring the building. Their efforts were showcased in June of 1976 when the Depot formally opened as a museum."

In 2021, the 121-year-old depot museum in Wilson Brewer Historic Park continues to welcome visitors and friends from its Superior Street location. Inside, the history of the community and the railroad is displayed as the building continues its tradition by being a portal to the story of our town. Also, in the next few years the committee will attempt to raise enough funds for a remodel/renovation of the Depot complex making it a fantastic welcoming center for the community.

FINANCIAL IMPLICATIONS: \$12,000-\$15,000

Emergency replacement of the existing furnaces to stop and eliminate the spread of mold and moisture damage.

There are no funds in the current year budget.

Our goal is to apply for the Hotel/Motel grant to cover the cost and to reimburse the City.

RECOMMENDATION:

I recommend the City Council approve these specifications for the Emergency Furnace Replacement to preserve the historic building and its artifacts.

ALTERNATIVES:

Delaying the replacement of the furnaces, without adequate heating and cooling (with its associated moisture control) the condition of the building and artifacts will deteriorate further.

PUBLIC WORKS DIRECTOR COMMENTS: This is a part of Webster City's history and we should preserve it as best we can. The furnaces, by controlling the indoor climate play a big role in preserving artifacts. Therefore, I recommend installing the two furnaces by in house labor.

Brief description provided by: Schlotfeldt Engineering Inc. Webster City, Iowa

ILLINOIS CENTRAL DEPOT EMERGENCY FURNACE REPLACEMENT 1/18/2021

Existing Equipment Situation

Main Floor

Heating:

Systems: There are two forced air natural gas furnaces located in the Railway Express Office (Unit 1) and in the Lower Level Freight Room (Unit 2).

Condition: Existing furnaces are 80% efficient units without air conditioning coils or condenser units. Unit 2 is non-operational so only the northern Unit 1 is supplying heat to the building.

Cooling:

Systems: There are two window mounted air conditioners located in the Waiting Room and in the Freight Office.

Condition: Air conditioners were not tested so existing conditions are not known.

Basement

Heating:

Systems: The basement relies on a radiant gas boiler system to supply heat to the basement using baseboard heaters.

Condition: The boiler system is inoperable.

Cooling:

System: No dedicated air conditioner units are installed in the basement.

Review

Even though the furnace systems are mounted on the main level and provide heat to the main level through floor and wall registers, these units were also tapped to provide a small amount of heat to the basement through two ceiling registers. It appears to be a supplemental system to augment the boiler system when it was working. Only the main level has air conditioning units installed.

Two of the three heating systems are inoperable and all are low efficiency. The window air units are also low efficiency and adds to heating demand because they remain installed year round.

Without adequate heating and cooling (with its associated moisture control), the condition of the building and artifacts will deteriorate further.

Proposed Improvements - Emergency

- Remove the two existing low efficiency furnaces and window air conditioners in the main level. Repair the modified walls back to original condition.
- Install two new high efficiency furnaces and air conditions in the basement in locations that will not conflict with future construction.
- These new units will provide heating and cooling for the main level of the depot plus supply some auxiliary heating and cooling for the basement.
- The systems will be able to connect to the existing ductwork with moderate modification.

Proposed Improvements - Long Term

- Install separate high efficiency furnace and air conditioner systems, specifically for the basement. These would be dedicated systems in addition to the two emergency furnace systems.
- Install additional duct work for both main level and basement furnace systems to distribute heating and conditioned air more efficiently to the building interior.

Courthouse Plans and Specifications

Schlotfeldt showed and outlined plans for the 2021 Wilson Brewer Courthouse Structural Improvement Project (plans previously sent to committee by e-mail). This includes Site Grading, Floor Plan Building Section Views, Basement Framing, Stairway Details, North Door Details and Rafter Modifications

Dennie Webb asked about using the original Light Fixtures. Schlotfeldt advised they would need to be re-wired, then should be okay to install. Will have City electrician look at them.

Bob Oliver reported on the new Intern from the University of Northern Iowa who is researching and doing a project on the Courthouse. It is believed that this is the 2nd Still-Standing Courthouse in Iowa. Goal is to have the information by May 1.

It was moved by Groves and seconded by Anderson to approve the 2021 Wilson Brewer Courthouse Structural Improvement Project plans and specifications to be submitted to the City Council for final approval and bidding, subject to findings on original light fixtures and other minor details to be completed by Schlotfeldt Engineering.

ROLL CALL: Groves, Lubberstedt-Arjes and Anderson voting aye.

Lindsay McCormick Welch joined the meeting via zoom at 10:25 a.m.

Platform Design for Caboose

Schlotfeldt outlined the platform to be erected for access to the Caboose – this Platform would eventually connect with one to be built around the Depot. Consensus was to move forward in order to have access this year to the Caboose. This will be a separate Project.

Retain Architect on Renovation of the Depot

Oliver advised a small group has looked at the Depot and have come to the conclusion that a professional Architect is needed to complete the project. Groves also advised that the committee needs to have a "Concept" in order to show prospective donors on the Project.

Two firms are available – one from LeMars and RDG, Des Moines (assisting with the Elks building project)

Consensus to move ahead, meet with potential firms in order to make a decision.

Deterioration of Items Located in the Depot

Committee, Schlotfeldt and Larry Flaws discussed this in detail – Contributing to the situation is the lack of heat or air conditioning in the building.

Schlotfeldt and Flaws advised that one of the two furnaces is now working (but very old) the other furnace is not working.

Flaws advised there is funding in the City budget to pay for the utilities for the rest of this fiscal year.

Lubberstedt-Arjes advised artifacts need to be checked for any damage.

Schlotfeldt advised Emergency Improvements (estimated \$12-\$15,000) and Long Term Improvements to remedy this situation.

Emergency Improvements would include removing the two existing low-efficiency furnaces and window air conditioners, repair the walls and installing two new high efficiency furnaces and air conditioners in the basement

Consensus was to turn this situation over to the City of Webster City Council to consider funding to take care of the emergency furnace replacement.

Flaws will do a Memo along with the report from Schlotfeldt to present to the City Council.

Landscaping on Grounds

Breanne Lesher advised proposed trees and outlined their placement in the park (map previously sent to Committee)

Considerable discussion was held on type of trees.

Also discussed was type of bushes to be placed South and East of the Church.

RE: Policy for Street Closure Requests

SUMMARY: Council requested that a policy be written in regard to approving Street Closure Requests so they can be handled more consistently and smoothly.

BACKGROUND/DISCUSSION: Throughout the year various requests are received from organizations, businesses, individuals or groups to close a street or streets to hold an event or activity. In most instances in the past, the closure request would need Council Approval. This was sometimes a problem with the timeliness of the request, date of event and the placement of the request on a Council agenda. Therefore, Council suggested a policy be written to allow staff to handle these requests, with a few exceptions in which Council Approval would still be needed. The attached policy has been drafted based on suggestions provided by Council in a previous discussion. If staff feels the request is unusual or needs Council Approval, it is at their discretion to place on a City Council Meeting Agenda for approval.

PREVIOUS COUNCIL ACTION: Council has approved numerous Street Closures in the past.

FINANCIAL IMPLICATIONS: N/A

RECOMMENDATION: Approve the Policy for Street Closure Request(s) and have staff review and handle the request(s) as received unless Council Approval is needed on the exceptions outlined in the policy.

ALTERNATIVE(s): Not approve the Policy for Street Closure Requests and continue to take all requests to Council for Approval which may mean some requests will not be honored due to timeliness of request and next scheduled Council Meeting, or make changes to the Policy presented.

PUBLIC WORKS DIRECTOR COMMENTS: I'm of the opinion the Council should provide Staff the authority to approve all Street Closures except permanent closures.

ADOPTING THE STREET CLOSURE REQUESTS POLICY FOR THE CITY OF WEBSTER CITY, IOWA

WHEREAS, the City of Webster City, Iowa desires to establish a Street Closure Requests Policy, and,

WHEREAS, said policy is to serve as a guide and outlines the procedure to be followed regarding requests for street closures by the public; and,

WHEREAS, the City Council has reviewed said Street Closure Requests Policy.

NOW THEREFORE BE IT RESOLVED by the City Council of the City of Webster City, Iowa, that the Street Closure Requests Policy is hereby adopted.

Passed and adopted this 1st day of February, 2021.

	John Hawkins, Mayor
ATTEST:	
Karyl K. Bonjour, City Clerk	

POLICY FOR STREET CLOSURE REQUESTS

Any request for a Street Closure must be in writing, email requests are accepted, and submitted to the City Clerk and/or City Manager. The request must include the name of the Street(s) the closure will affect, the date and timeframe of the closure and what assistance from the City they are requesting. (ex. traffic cones, barricades, etc.).

If request for street closure is for longer than six hours on any given date or the closure will affect Second Street, Des Moines Street, Ohio Street or Beach Street, the request will also need to be placed on a City Council Meeting Agenda for Council approval.

The City Clerk will contact Police Department, Fire Department and Street Department prior to approving any street closure request. This will verify the departments are aware of the closure and inform of what assistance is being requested of the City. It will also acknowledge that each department has no issues with the request. If staff feels the request is unusual or needs Council Approval, it is at their discretion to place on a City Council Meeting Agenda for approval.

If request does not need City Council approval, upon receiving the okay from the above-mentioned City Departments, the City Clerk will advise the City Manager, the person making the request, the City Council and verify with City Departments that the closure will take place.

The City has the right to modify, change or adjust this policy at any time, for any reason they deem necessary.

TO: Members of the City Council

RE: Summary of Professional Services for January 2021

Dear Council Members:

Outlined below is a summary of professional services I have provided for the City of Webster City as City Attorney for the month of January 2021. The main issues I addressed this past month were (a) worked with City staff to prepare the necessary easements on White Fox to address the slope on the East side of the road while completing the next phase of the 2nd Street road project; (b) began working with the City's planning director on the needed documents and legal descriptions as we begin the voluntary annexation of property West of current city limits; and (c) continued to meet with City staff frequently as we transition from our previous city manager to a new one eventually.

In regards to the easements needed on White Fox, I've been working with the City's public works director to prepare the necessary easements in order to allow us access on the neighboring properties to address and build up the current side hill on the East side of the road while we have extra fill as a result of the continued 2nd Street reconstruction project.

In regards to the voluntary annexation, the City has been approached by a property owner on the West side of town who wishes to be annexed into the City limits. Karla and I are working on getting the necessary documents and legal descriptions to begin preparing the paperwork needed to get this accomplished. We'll keep you posted as this progresses.

Finally, in regards to our current city manager transition period, I have been meeting with members of the City staff weekly to advise and assist on a number of ongoing City issues. So far, the transition process has run smooth thanks to the experience and expertise of the current City staff. If City Council has any questions during the interim period feel free to reach out to me directly.

Respectfully submitted,
